

MSCI China Technology Depository Receipts and P Chip Index (USD)

The MSCI China Technology Depository Receipts and P Chip Index is based on the MSCI China Index, its parent index, and includes large and mid-cap securities of the Chinese equity markets. The index aims to track the performance of a set of Chinese companies represented by Depository Receipts and P Chips that generate revenue from technology related activities. The Index aims to achieve increased diversification by capping the weight of individual constituent securities.

For a complete description of the index methodology, please see [Index methodology - MSCI](#).

SECTOR WEIGHTS

The MSCI China Technology Depository Receipts and P Chip Index was launched on Oct 14, 2020. Data prior to the launch date is back-tested test (i.e. calculations of how the index might have performed over that time period had the index existed). There are frequently material differences between back-tested performance and actual results. Past performance – whether actual or back-tested – is no indication or guarantee of future performance.

ABOUT MSCI

MSCI is a leading provider of critical decision support tools and services for the global investment community.
